The Money You Buy

Naturally you want full value for the money you've had to buy with your brains or your muscles.

At this store we feel it up to us to give you clothes that represent full value measured in brains and labor.

We offer you Clothcraft because its makers have put 70 years of the most intense study and hard work into perfecting the manufacture of medium-priced clothes for men and young men.

You'll realize, the moment you try on a Clothcraft suit, what the labor and brains of the makers have given you in clean-up styles, comfort and finished workmanship.

We want to see you, and have you see Clothcraft Clothes.

We have associated ourselves together for the purpose of getting the County of Rockcastle placed upon the map as an oil field. We believe that we have oil in this county and we expect to be able to get drilling started before September 1st in several districts in this county. If you have lands to develop, give us a reasonable lease and we will use our best efforts to get drilling done in your vicinity.

We have some shares of stock yet unsold and which we may offer to the public. Not one dollar of the money subscribed for this stock will be used for any other purpose than buying and developing additional territory or the territory already leased. No salaries of officials of this company will be paid until paying wells have been drilled and sales of oil made.

We invite the help of our citizens and promise you that we shall do all in our power to bring this territory into the field of profitable oil production.

Why Experiment?

Buy the car you know,
the car that satisfies a million
and a half owners.

Geniuses and master mechanics of world fame have pronounced the Ford, the BEST THE STRONGEST and the most SCIENTIFIC CONSTRUCTED car built.

Not only they but every disinterested repairman will tell you the same.

Is it any wonder that over one-half of the 180 different makes of automobiles are Fords?

and Nathan Brumett were in Stanford with a drove of cattle.—C. H. Frith has been in Irvine quite a lot here of late associating with John D.—John Riddle was in Somerset the first of the week on business.—The Rev. A. J. Pike filled his regular appointment at the North Rolling Fork Baptist church Saturday and Sunday, near Gravel Switch.—Judge G. M. Ballard and County Surveyor Monahan, were in town Wednesday, looking after some road matters. The Judge says the line from here to Lincoln county will be surveyed next week, and the grading done in the near future.—Mrs. F. L. Durham, and little son, Austin, were with her parents, Mr. and Mrs. J. F. Watson, Wednesday and Thursday—Rev. H. T. Young, of the Mt. Vernon Christian church preached a very interesting sermon at the Christian church here Tuesday evening.—C. Kreamer was in town this week loading some machinery that was used here in manufacture of sassafras oil—Mrs. Thos. Lamar and daughter, Miss Ida, left for their home in East St. Louis, Tuesday, after spending several weeks here with relatives.

J. N. Thomas is visiting his brother in Texas. Mr. Thomas had not seen or heard from his brother for more than thirty years and knew nothing of his whereabouts until a few weeks ago thinking for many years he was dead. After learning that his brother was located in Texas he wrote and immediately received a reply and is there now with a view of locating near his brother.—Dr. Walker Owens, was here Monday from Mt. Vernon to see J. M. Adams. Mr. Adams' condition shows little improvement, and his recovery is considered doubtful.—S. L. Cummins, Crab Orchard's Wide awake mill man, was in town Tuesday—Victor Francisco who has been working in Cincinnati is home for a few days.—The L&N agent and operator here received notice of a raise of \$2.50 on the month, the assistant agent getting a \$10.00 boost.—Ben Riddle is in Lexington today and will bring an auto home with him when he returns.—A gentleman, whose report for the truth is unquestionable, told us confidentially a few days ago, that while walking thru a woodland belonging to Chuck Frith about 1 mile from town he discovered two pegs in the ground about thirty feet apart and signs of horse shoe pitching, his opinion being that this spot is where Chuck does his practicing during his vacation. This is undoubtedly true for we notice marked improvement in his pitching.—R. E. Albright was in Stanford during the week, and we understand contracted for a Ford.—John Robins, A. M. Hiatt and R. L. Smith took in the John Shows at Stanford Saturday night.

DRILLING IN ROCKCASTLE

The oil fever is extending into Rockcastle county and the county is full of leasers and operators.

A rig is being moved onto the Hick's farm, about two miles northeast of Wildie. Draper and Conn are the contractors and Voss & Merideth, of Greencastle Ind., are the operators. A number of

locations have been made in that section; large tracts are held by Snowden Bros., and others.

Marcus Gaines & Neely are

preparing to do some extensive development work and have two rigs engaged for operations in that district.

J. H. McClurkin has contracted for two wells near Conway, and

James Church of Richmond, will drill one or more wells in the vicinity of Boone Gap. A company of Crab Orchard citizens are

selling stock for testing out a block of acreage west of Conway. This section is on a direct line to the

south-west, is about the same distance from the general line of out-

cropping Corniferous limestone as the

Irvine pool, and will attract the attention of oil men.—Estill Tribune

KENTUCKY PRESS ASSOCIATION

We understand that there are quite a number of strangers operating in this county in the interests of certain oil companies. Our people will do well to exercise some care in leasing their lands. They had better try to get some company or companies to come into this territory who are willing to spend some money to develop our oil lands if we have any. Some agents are running over the county with no idea of developing and mean to sell their leases to anyone that will pay a small sum for them. In this way you may tie up your property so that it will be almost impossible to get real development started in this county.

Notice is requested to the adv. of the Rockcastle Oil and Gas Co. The gentlemen who are looking after the interest of this company are trying to provide the means to test this county and find out for a certainty whether or not there is an oil pool underlying Rockcastle county. You will notice that this Company has associated with it, Geo. B. Williams, of Irvine, who has done so much to develop the Estill county pool. He knows more about getting the proper people interested here than any man in the state. W. J. Sparks tells us that Mr. Williams has already secured one good company to put down a well at once in the territory of Rockcastle Oil & Gas Co. Other will follow and by September 1st we may expect to see several wells started in the lands leased by the Rockcastle Oil & Gas Co. Let the good work begin and go on until we know what we have beneath these hills.

OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Last week was a great wheat threshing time. Many thousands of bushels were hauled into this place direct from the field.

A Darkey here, a few night since, ate 3 pounds of fat raw meat, on an agreement that a bystander would pay the cost. He offered to eat three additional pounds if the same one would pay for it. No one cared to waste their money. If that coon should ever get real hungry he could clean out an ordinary smoke house on short notice or without any notice whatever.

How good and how pleasant it is for the brethren to dwell together in unity. Since the roadway working has begun on the Livingston end and in progress from Mt. Vernon to Brodhead, that belligerency that was becoming quite noticeable between your Brodhead and Livingston reporters, has, we are pleased to note been amicably adjusted.

The writer took a walk Saturday, out over the newly graded road-bed leading out of Mt. Vernon toward Brodhead and most agreeably surprised at the progress being made. The class of work being done is good.

Three trains of soldiers passed thru here over the C. & O. Monday from New York enroute to the Mexican border.

Batson & Sonesley a firm of this place, do considerable shoe repairing in their establishment. The peculiar sound of the name of one of the firm doesn't delay work a minute.

Often, when some moonshiners outfit, consisting of a few old tubs etc. is smashed by the Government men, the report goes out that it was the biggest still found in years: the longest worm, in the wildest, most inaccessible region; the treacherous operators escaped.

It is indeed a great pleasure to

every good roads, man in Rockcastle, and especially to the writer, to see the construction on our highways begun and to note the rapid progress of the work. This after the question of good roads has passed thru many dark, gloomy, days when the whole proposition was in doubt, something to hearten the cause of those who have fought for an are found still fighting in the ranks of better things for our own Rockcastle and the old Kentucky home. The writer feels that his three years work was not in vain.

Mrs. J. A. Oliver, and children of this place, are visiting friends and relatives in Livingston and Rockcastle.

Miss Nola Jones of Winches ter, was visiting friends at Parks ville during the week.

Large banners stretch across the streets tell of the big Winchester Fair which takes place July 26-29. A booster train will make a few days before, arrive in Winchester and the Fair.

The Mt. Vernon and Brodhead fairs will have representative from Winchester during their exhibitions.

We hear many compliments on the Mt. Vernon Fair catalog. It is one of the best issued by many of the fairs. Mt. Vernon has good printers along with her many other good things.

The people over here seem as anxious for the completion of the highways through the cumberlands as the mountaineers themselves, and that's talking some little bit.

Col Thos. G. Stuart does not spell his name S-t-e-w-a-r-t, as we had it in one of our former letters. We could have placed the error to the intelligent compositor, but that clever individual had the "copy" on us.

The writer has had a map of Boone Way electrotyped which will appear in the Signal at an

early date. It will show the route and loops between Louisville and Boone Park, N. C., and Boonesboro, Ky.

FURTHER RAIDS IMPOS SIBLE.

In any event, it was pointed out, it will be impossible for any considerable force of bandits to assemble for an attack across the line such as the raid on Columbus, N. M., if Gen. Carranza carries out the promises made in his note to employ all efforts" that may be at his disposal to avoid the situation.

RESOLUTIONS.

The fourth day of July having been set apart as a National Holiday, it being the day the Declaration of Independence was signed declaring all Americans a free and independent people and to be celebrated by all true Americans.

Whereas The Local Council 167 of the Jr. Order of United American Mechanics, a purely patriotic benevolent, nonsectarian and non-partisan organization gave a picnic at Browning's Park in Livingston, Ky., for the purpose of meeting in good fellowship and celebrating the greatest of all National Holidays, with a program consisting of: Music, furnished by the East Bernstadt Band, Sack Racing, Foot Racing, and a Crackin' Firing contest. Refreshments

in splendid speaking, which

was an unusual success and gratifying to all present.

Be It Resolved, That the Livingston Commercial Club most heartily endorses the attitude and Spirit of Patriotism of said Organization in giving the Picnic, and thereby made it possible for the people of Rockcastle County to meet and celebrate this great day in unity.

Resolved, That the Livingston Commercial Club extend its congratulations to said Organization and expresses its thanks and compliments for the way, manner and dignity it conducted said picnic, which was indeed a success, and extends to said Organization its many wishes for a rapid growth and success.

Resolved, That a copy of these resolutions be spread upon the minute book of the Livingston Commercial Club, a copy be sent the Local Council of the Jr. O. U. A. M., and a copy be sent the Mount Vernon Signal for publication.

From time to time since the European war began, protest has been made by Germany, by pro-Germans in this country, and by uniformed or sentimental people generally, against the methods of the blockade imposed by the allies against the central powers.

Especially has it been charged that the allies had no right to interfere with our commerce in articles that the blockade powers wanted to buy from us. Cotton has been the pet grievance of a certain class of publicists.

Uncle Henry Gentry tells us
that he would like to be the first
man in the county to start a sepa-
rate road fund to be used only in
case the funds raised by the
County Bonds are not sufficient to
finish the pikes all the way two
ways across the county. He says
he will very willingly start this
fund with a donation of \$10.00.

Miss Kate Moore, aged 65 years
died at her home on Main street,
Tuesday after an illness lasting
since last Friday of bronchial pneumo-
nia. Miss Moore ran a small
confectionery for years and was
well known by most all visitors to
Mt. Vernon. She was kind to all,
and especially the little folks, all
of whom she could claim as her little
friends. Funeral services were
held at the home Wednesday, con-
ducted by Rev. H. T. Young, and the
burial took place in Elmwood
cemetery.

Per Shelton, the L. & N. con-
crete man, is here with his force
building platform and walks around
the depot. It will be a great im-
provement when completed. Then
when the depot gets electric lights,
which will really be worth more to
the public than the concrete plat-
form, Mt. Vernon's railroad station,
which heretofore has not been
especially attractive, will really be
a very respectable place. Mt. Ver-
non stands about third as to re-
venue paid company on Lebanon
branch and a little improvement is
really due to come our way.

look better and wear better.

Dr. W. G. Dailey was here
from Millersburg Tuesday to see
his nephew Charley Dailey.

Charley has a severe case of ty-
phoid and is in a serious con-
dition.

Bogue Smith of the Hiatt
section bought a fine bunch of
hogs from John W. Hilton this
week at 8cts. Mr. Smith was in
Stanford Monday and sold a
bunch of cattle at a good price.

There are any number of good
cars on the market. The Chev-
rolet is one of the good ones and
the price is only \$550. plus the
freight. Ask Thompson & Miller,
Agents, for a demonstration.

State Road Inspector James
Maret visited home folks at Mt.
Vernon, Saturday and Sunday.

Mr. Maret reports fine progress in
the construction of highways in
the mountains, especially on Boone
and Dixie highways. — Winchester

Sun, July 10th.

WANTED:— If you have any In-
dian relics such as stone pipes,
large flint spears, grooved axes,
pots and bowls, shell beads, etc.,
found in caves, graves and old
fields. Write to W. L. Griffin,
Somerset, Ky., and get his prices
on them.

All stockholders of the Mt. Ver-
non Fair Ass'n are requested to
meet at the Fair Grounds Thursday
July 27th, to CLEAN-UP and
help get things in shape for
the biggest Rockcastle Fair ever
held.

The L. & N. will have a passenger
coach on the Local from Liv-
ingston every day during the Mt.
Vernon Fair returning in the
afternoon. Arrangements have been
made for the night train (21) to
stop at Pine Hill every night of
the Mt. Vernon Fair. This will
give the people of that section an
opportunity to see it all and get
home at night, (if they don't
care to stay over).

Mr. Ray Miller, youngest son
of the late M. C. Miller, formerly
of this place but more recently of
Franklin county was married to
Miss Elizabeth Buntain of Law-
renceburg. They are at present
visiting his people here. The
wedding was a complete surprise
to Mr. Miller's friends here who
are extending congratulations. They
will reside in Franklin county.

The Clark County Fair which is
to be held in Winchester July 26-
29 inclusive will be the biggest
exhibition ever held in the state
of Kentucky. Preparations are
under way for the handling of the
largest crowd that has ever attended
a fair in that city, and the largest
number of horses that has ever
attended a county fair in the
Blue Grass will be quartered on
the ground. To take care of the
horses the fair company has been
compelled to construct additional
barns and everything will soon be
in readiness for the big event.

The tract which is the fastest
half mile course in the state is in
prime condition and will continue
to be improved from now until
the date of the fair. There will be
two trotting races and eight
running races during the meeting,
and entries which closed July 10
showed horses entered from the
Central, Middle and Southern
States. One of the greatest show
events which will bring together
the greatest number of high class
saddle horses is the Bankers Stake
carrying with it premiums to the
amount of \$250 and the Brown-
Proctoia Harness Stake, with its
premiums of \$100.

All the high-class saddle horses
in this and other sections of the
State and many from other states
will be here to compete for the
premiums which are the richest
that have ever been offered by a
Kentucky Fair Association. The
management of the Fair has pro-
vided the best band in the country
that could be secured to furnish
the music for the Fair, and the
Royal Scotch Highlanders will
play musical programs during the
afternoon and evening. The con-
certs at night will continue for
one hour and forty minutes. In
addition to this an excellent
amusement feature has been se-
cured in the Metropolitan Show with
its two great bands and a
personnel of two hundred and
fifty people. Reduced rates on
all rail roads leading to Win-
chester.

Don't forget Ford after service.
Over 800 dealers are under con-
tract to carry a supply of Ford re-
pairs and to sell each repair for
the same price that part would
cost in an assembled. No matter
where you are with a disabled
Ford you have the assurance that
just a little ahead is the repair and
the service you want. No waiting
for ordered parts.

Two real fine boys of our town
who went on the excursion to
Louisville Sunday, decided to
take in the town. They strayed
here and there until they had
missed the train, then they found
they were left alone in the great
Metropolis without food or money.
They thought of their tickets!
The pitiful lads roamed hither and
thither until they found

Almost a nervous wreck was Mr. Blackburn, of Richmond He now has splendid health

"I can safely say that before great exciting cause of disease, taking Tanlac I was almost a nervous wreck," said Mr. John Blackburn, 165 Center street, Richmond, Ky.

"My nervousness was undoubtedly caused by stomach trouble. Since taking Tanlac I never felt better in my life."

There is hardly a portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive system, thereby enriching the blood and invigorating the whole system.

Next it enables a weak, worn out stomach to thoroughly digest its food, permitting the assimilation of the nourishing products to be converted into blood, bone and muscle.

It overcomes it is said, that

land.

Farm No. 4 of 271 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant houses. This farm is a creek farm, running to the hilltops, with some workable coal in the hills: Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guarantee from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit

Tanlac aids digestion, promotes healthy, refreshing sleep and strengthens the nerves.

Tanlac is being specially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead, W. M. Owens' store, Burr, Line Bros., Crab Orchard, S. E. Welch Beret, J. Reynolds and Son, Bee Lick.

Farm No. 5 of 258 acres, ad joining farm No. 4, with one good dwelling house, barn and storehouse; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good or hard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Bethelum & Lewis Addition to Mt. Vernon, Ky. and 1 lot in Jersey City, N. J. Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are hardy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pine road leading south from Mt. Vernon, on the waters of Dry Fork and Skaggs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over the land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Levee Green.

PERSONAL PROPERTY for sale on easy terms:

8 work mules; 4 wagons; 1 hack bed; 1 new surrey; 1 rubber tire buggy; 1 set of buggy harness; 4 turning plows; 3 section harrows; 2 disc harrows; 3 walking cultivators; 4 double shovel plows; 4 bull tongue plows; 1 mowing machine; 2 rakes; one-half interest in 1 binder; about 2500 ft. of 1/4 inch iron pipe in care of Mt. Vernon Fair Association; 1, 12 horse power boiler and engine; all of my interest in about 200 acres of growing crops, to be sold as it stands or so much per bushel a gathering time, 2 stores and fixtures, one store at Hansford and one at Sand Springs, 5 show cases 2 desks; 1 typewriter; 1 iron safe; 1 share in Peoples Bank; 1 share in Mt. Vernon Fair Association; 25 shares in Central Life Insurance Co.; 2 shares in Don Overland Shoe Co. of Indianapolis, Ind.; 3 shares in Kentucky Rural Credit Association.
